Dear Mr. Siebert:

I am writing to personally thank you for your excellent legal services for my elderly aunt. As I work for attorneys who specialize in a vastly different arena, I needed an elder law attorney who was proficient, honest and who could work with the bureaucrats involved with the Medicaid process. I can honestly say that I was so glad I met with and hired you. You met the goals I wanted to achieve for my aunt at a reasonably price and a timely manner. You clearly explained the situation and all problems that might arise with all the red tape involved with the Medicaid process. You were prompt, efficient and respectful.

I was excited to have hired such an honest and well versed attorney with your inter personal skills and expertise. Please do not hesitate to use me as a reference for any clients looking for recommendations.

Sincerely,

Sandra M. D [REDACTED]
