RE: Joseph [REDACTED]
Living Trust

Dear Atty. Siebert:

Thank you for your patience in waiting for the check in the amount of \$ [REDACTED] for the remainder of the amount due for preparing the Living Trust for my father.

My father passed on January 31st just a day before my parents' 60th Wedding Anniversary as if he had planned it. Without you and your firm I couldn't have had such a smooth closing of their home in Evanston today. You were very kind to tell me to send you the check after the closing.

I would also like to thank Lauren Weldon for all her efforts in starting the Medicaid file for my father in hopes that he would have been able to use it for his stay at Addolorata Villa. However, my father had his own agenda and passed peacefully at 94 years of age.

I will definitely recommend you to any of our relations should they need such professional help that you offered us. Not only the assistance but the speed after finding out that my father had 2 weeks before passing was amazing in that the Living Trust was prepared and executed.

Thank you for your great and professional assistance along with the support your office provided us in such a difficult time.

Sincerely,

Gerda [REDACTED]
