To Whom It May Concern:

I would highly recommend attorney, Mr. James Seibert and his office. He is totally professional and very through and diligent. He explained everything that would be happening and was extremely knowledgeable of all aspects of what would be occurring and also what I needed to do. It was very organized and talked me through the process. I used Mr. Seibert for his expertise on Elder care law and he always kept me informed and how to best proceed as things were happening.

There was a situation which my mother needed to sign some documents . I did not know how this was going to happen since my mother was hospitalized and he was willing to travel to wherever she was ⁱⁿ order to have these documents in order. This was very stressful yet he managed to make this as painless as possible. I felt very comfortable and confident in his services and he definitely is an expert in his field. I would with confidence highly recommend him. He also has a very efficient, professional and pleasant staff. I have no hesitation in recommending him and any questions please feel free to contact me.

Sincerely,
