Dear Mr. Siebert,

As the year draws to a close I often step back and reflect on the year that has gone by. One of the highlights has been the success I've had in obtaining outstanding care for my aged mother. This success was certainly the result of your efforts in helping us obtain that care.

After researching a large number of agencies and elder care attorneys I was extremely pleased that I was able to locate your practice and work through the steps necessary to obtain the care my mother needed. It is interesting to note that after talking to others in our same situation they had no idea of the options that are available to them. Your advice and requirements took a large amount of effort and we will always be grateful to you for your help.

Your office is very knowledgeable and I would highly recommend your services to others in similar situations. If any potential clients have questions or concerns about retaining your help in obtaining elder care please have them contact me.

We wish you much success in the New Year.

Sincerely,

  
Ron K.
